A NEW YORK FIRE SWEPT LARGE AREA

Lumber Yards and Factories Burned Entailing Loss of $1,500,000.

DIFFICULT TO FIGHT FLAMES

One Fireman Seriously Hurt and OthersPainfully Injured—500 Horses Rescued—Buildings Are Destroyed.

New York, Oct. 3.—Fire in the vicinity of 24th and 11th avenue early tonight swept an area 500 by 300 feet, causing damage estimated at $1,500,000. Chief Croker announced that it was the greatest burned area during his experience in New York City.

The space swept comprises almost three acres of lumber yards, factories and stables on 11th avenue, 24th and 25th streets. Nor nearly three hours the fire was beyond the control of the fire department and it was stopped at length by an accumulation of apparatus which combined threw water at the rate of 25,000 gallons a minute.

Five hundred horses were rescued from stables, and in spite of the size of the blaze and the difficulties of fighting it, it was remarkably free from serious accidents. One fireman was badly hurt by a bucking hose, several others were less seriously hurt.

The fire started in the lumber yard of Moore Brothers, 11th avenue and 24th street, quickly destroyed it and soon ignited the kindling wood factory of Clark & Wilkins, which was likewise burned to the ground.

Besides these structures the following were either destroyed or badly damaged:

Six story factory of the New York Metal Ceiling Company, stables and store house of James J. Duffy, contractor; the Pennsylvania hotel, a three story structure; warehouse of the United States Express Company; vacant two-story building of the Metropolitan Iron & Steel Company; four-story factory of the Atlas Metal Bed Company.

For a while the flames threatened the Baltimore & Ohio freight yards and the specialty department of the Standard Oil Company, but hard work checked the blaze in time.

ELECTION FRAUDS TO JURY.

At Brought Out in Virginia Democratic Primary Yesterday.

Norfolk, Va., Oct. 3.—Judge Hanckel today instructed the grand jury to probe alleged election frauds as brought out in the investigation of the Democratic second Virginia Congressional primary. The grand jury will go into the matter, but will not consider the failure on the part of both Congressman Maynard and William A. Young, who was the victor on the face of the returns, to file statements on their campaign expenses as contemplated under the Barksdale election law.

The only step possible under the Barksdale law, said Judge Henckel, would be a proceeding by the commonwealth to collect a maximum fine of $5,000 from each of the candidates for failure to file their statements. Under this law no punishment is provided in the event candidates without means prove their inability to pay fines.

Corbin, Ky., Oct. 3.—With their revolvers emptied and each man's body riddled with bullets, Henry Lee, a constable, and James Williams, a private policeman, fell dead in each others arms at the end of a shooting affray today.

SEARCHING IN LOS ANGELES

...wards Aggregating $100,000 Offered ... Arrest of Conspirators Who Destroyed Times Building. Details of Outrages.

Library of Congress

Los An... Cal., Oct. 3—Under the stimulus o... proferred rewards aggregating $100,000, a figure almost unprecedented in the annals of criminal pursuits, hundreds of policemen, detectives and private citizens in all parts of the coast cities are searching for clues that may lead to the arrest of the conspirators who blew up the Los Angeles Times building last Saturday and caused the death of more than a score of persons and attempted the destruction of the homes of General Harrison Gray Otis, owner of the Times and of F. J. Zeehandelaar, secretary of the Merchants' and Manufacturers' Association.

Police and civil officers believe that at least three men were concerned in the outrages and the city has placed a price of $10,000 on the head of each.

The county today voted an additional reward of $5,000 for every man captured and convicted, and members of the Merchants' and Manufacturers' Association offered a reward of $50,000 of which $25,000 has been subscribed.

The entire city is thoroughly aroused. One newspaper that has been friendly to union labor, today printed a first page editorial, demanding that, in view of the strictures directed at the union in connection with the explosion, the strikes now on be called off.

Chief of Police Galloway said today that he expected to have one or all of the conspirators in custody soon. He expected news from San Francisco, whence has come the most promising clue thus far developed.

William J. Burns, a detective employed in the graft cases in San Francisco, is at work tonight in that city with Los Angeles detectives, who were sent there on receipt of notification that dynamite believed to have been the same as that found in the bomb at Zeehandelaar's home, had been purchased near San Francisco by men giving the names of Leonard, Bryson and Morris.

Two iron foundries, the Craig Ship Yard at Long Beach, the Alexandria Hotel Annex, now in course of construction, and several other large steel buildings where there are strikers, are heavily guarded.

General Harrison Gray Otis, editor of the Times, is protected by a body guard, as are his officers and the branch office that houses the editorial and business departments of the Time and the auxiliary plant, where the paper is printed.

In compliance with orders from the chief of police, that every one falling within the police qualification of "undesirable and dangerous" should be taken in, arrests are made almost hourly.

General Otis and Harry Chandler, assistant general manager of the Times, are making arrangements for holding one funeral service for all the victims of the disaster.

A committee, consisting of the editors and managers of all the papers in the city, are gathering a fund to relieve the families of the victims.

The funeral of Churchill Harvey Elder, night editor of the Times, who died of his injuries a few hours after the explosion and fire, will be held tomorrow.

"If the families of the men don't object we will have them buried in one grave in my lot," said General Otis, "and we will raise a monument to their memory which will bear the names of all."

Coroner Hartwell empanelled a jury today to begin the inquest. After taking the nine members over the ruins of the Times building, he announced that nothing further would be done until the investigating committee appointed by the mayor and the chief of police is ready to report.

CAPT. W. C. FINCH ARRESTED.

Commander of Naval Collier Charged With Misappropriating Funds.

Norfolk, Va., Oct. 3.—Acting on instructions from the navy department, Capt. J. P. Parker, commanding the Norfolk navy yard, today swore out a warrant for the arrest of Capt. W. C. Finch, of the naval collier Ajax, on the charge of misappropriating $5,000 of government funds.

Capt. Finch was arrested on board the collier which is now at this port and brought before United States Commissioner Stephenson. He was released on his own recognizance for his appearance before the commissioner tomorrw.

Capt. Parker stated that he knew nthing of the charges and was acting only on instructions from the department.

The friends of Capt. Finch claim that he will be able to prove that the charges are the result of misunderstanding.

ANOTHER SPEED RASE.

Supervisors Agree Not to Cancel Grand Prize Race.

New York, Oct. 3.—The grand prize race for automobiles will be held over the Vanderbilt cup course on Long Island Saturday, October 15th. A decision not to cancel the permit was reached tonight by the board of supervisors of Nassau county, L. I., after a conference with W. K. Vanderbilt, Jr., and other representatives of the motor cups holding company. But to eliminate the crush of automobiles at daybreak, and earlier, the race will be started at 10 o'clock in the morning instead of at 6, the time at which the Vanderbilt contestants were sent away. Also there will be more thorough policing of the course.

None of the 20-odd persons injured incident to the Vanderbilt race had died up to tonight.

THE DEAD SEAMEN IN BARGE MISHAP

Now Believed That Twenty-Three Perished in Accident on Hudson River.

MORE DROWNED YESTERDAY

Several on Death List Reported Safe —Impressive Memorial Services Battleship—Heroism Displayed.

New York, Oct. 3.—Six sailors included in the tenative death list, caused by the swamping of a barge being towed to the battleship New Hampshire in the Hudson river on Saturday night reported safe today. Five others reported as missing, but not recognized as being aboard the barge turned up safely. This cuts the list of probable dead to 23, with eight missing, 31 in all. Last night's list of missing was given out as 11 but increased later to 16, leaving still 11 with today's deductions.

In the face of these cheerful developments two other drownings among sailors of the fleet occurred today. One of the crew of the Kansas, believed to have been Eugene Audit gave his life in saving a young woman visitor to the battleship.

Tonight a sailor cleaning the hide of the ship Solace lost his balance and was swept under the vessel by the swift tide. A companion dived to the resuce, but without avail. The name of the victim was not learned.

Grappling for the lost New Hampshire men brought no results today. Sailor's body was found, but examination showed it to be that of Joseph V. Dudley, a coal passer from the repair ship Panther. He had been missing since September 28th. The police theory is that many if not all of the bodies have been swept either into the lower bay or else far up the river by the swift current.

Memorial services for the dead were held on the New Hampshire this afternoon. They were attended by all of the officers and crew of the New Hampshire by officers of all the other naval vessels in the North river and a complement of 50 men from each ship.

The board of inquiry which is investigating the disaster has not finished it work.

Navy's Department Report.

Washington, Oct. 3.—The mail report to the Navy Department on the disaster in the North river Saturday night when about 29 men of the battleship New Hampshire were reported drowned, gave the list of missing as 18 samen and three marines. During the day James Greene, of Cleveland, Ohio, a second class oiler, and J. Van Peer, of Peterson, N. J., a second class fireman, who had been reported missing, were officially reported safe. E. A. Herbert, of Connecticut, an ordinary seaman, also reported among the missing, was seen in the streets of New York City today, according to advices to the department. The navy officials hope that others, concerning whom fears are now felt, will prove to be safe.

Midshipman Chevalier's heroic rescue of men under him after the accident occurred, was heartily commended by navy officials today. It is possible that some of the splendid heroism displayed after the excitement attending the shipment of the water in the bow, the rush aft and the jumping overboard, may be rewarded with government appreciation.

PINCHOT AN INSURGENT.

So He Declared in Address At Knoxville, Tenn.

Knoxville, Tenn., October, 3.—"I am an insurgent," declared Gifford Pinchot, in an address on conservation at the Appalachian Exposition. The declaration was greeted with such applause that he added, "and I at least am as glad of the fact as you seem to be."

He defined insurgency as being the same thing to the political world that conservation is to the National resources for it means the common sense administration of the government and affairs political and means to stop administering the government for the interests of a few men of big wealth and to administer it for the rank and file. The conservation of the natural resources of the country is impossible before the legislators of special interests and capitalists are driven out of the country, he said.

COMES TO SEE CHEROKEES.

Will Confer With Tribe in This State Regarding Their Lands.

Washington, Oct. 3.—Assistant Commissioner F. H. Abbott, of the Bureau of Indian Affairs, left Washington today for Cherokee, N. C., to confer with the Eastern Band of Cherokee Indians in regard to the allotment of their lands. If the proposition meets with the favor of the red men, the allotment of the area belonging to this tribe, amounting approximately to 63,211 acres probably will be recommended to Congress by the Interior Department.

BENEFACTOR'S DAY AT TRINITY

Duke's Continue Their Gifts to Fine North Carolina Institution— President Few Speaks—Ad-Address by Mr. Parker.

Durham, N. C., Oct. 3.—Benefactor's Day at Trinity College was featured by an acknowledgement this evening of gifts amounting to more than $150,000, of which Benjamin and James B. Duke gave $130,000.

The North Carolina Conference, to which Trinity partly belongs, with the Western North Carolina Conference, gave $4,612.42. Added to these hundred of small amounts in money and books, the gift of $30,00.00 for current expenses being the point philanthropy of B. N. Duke and J. B. Duke, while a $100,000 check was given by Benjamin Newton Duke for the erection of two new nansome buildings.

The gifts of the Duke family, reared in Durham, now approach $1,500,000. These began twenty or more years ago when Washington Duke moved the little school from Randolph county and gave it its first $100,000. He ran this individually to half a million. Since that time Benjamin Duke has been the most liberal giver and has added more than $300,000 within five years.

The address was made by Mr. Thomas F. Parker, of Greenville, S. C., a large cotton mill owner and a man of ideals. He spoke on the general subject of "Welfare Work" in cotton mill villages from the manufacturer's standpoint.

After the address President W. P. Few announced the gifts for the year. In connection with the announcement of the gifts for the year President Few spoke as follows:

"Gratitude is a noble virtue that ought always to be cultivated. It is due from beneficiaries to their benefactors but is not just a passive virtue, it has in it creative power like benevolence itself. Anybody who can completely comprehend and adequately appreciate the deeds of a benefactor has in himself something of the nature of a benefactor and will receive somewhat of a benefactor's reward. "He that receiveth a prophet in the name of a prophet" is not only worthy of, but "shall receive a prophet's reward." This day is set apart in the College calendar for the cultivation of the spirit of gratitude, because we are deeply grateful to those who have been good enough to help us College, and also because we desire to foster in the students of the college and in the people of the community the virtue of benevolence.

"The gratitude the high-minded men feel for the acts of generous benefactors never has and never can have in it the slightest tinge of subserviency. To their everlasting credit be it said that philanthropists in this country with the fewest exceptions have no wishes in regards to their gifts except that they be used so as to do the most good. And I feel that a worthy institution of education can accept gifts on no other terms. Certainly no gift has ever been accepted by Trinity College on any other terms, and I believe none ever will be. I am very grateful to be able to say that the influence of the benefactors of this college has always been felt by us to be on the side of truth-seeking and truth-speaking, and on the side of progress and the widest human service. The college will gladly welcome from any source gifts, large or small, that come in this spirit.

"All colleges in America, state-supported and privately endowed, must define each for itself their position on this question, especially with reference to two large and powerful corporations, the general Education Board (popularly known as the Rockfeller Board, because it is mainly supported by Mr. Rockfeller), and the Carnegie Foundation for the Advancement of Teaching, which was established by Mr. Andrew Carnegie. The Rockfeller Board has made gifts to many of the best colleges in the country, several of them in North Carolina, I am glad to say. I would be glad to see more and larger gifts come to the State from the same source, for, in my opinion, they come without any embarrassing limitations. Many of the strongest colleges of the country have been placed on the Carnegie Foundation, though, so far as I know, no institution in North Carolina is on it. This foundation has done in a good many ways conspicious service to the cause of American education, but at the same time it has made what some of us regard as the fundamental mistake of setting up a definite method of organization and control to which all colleges must strictly conform before they can share in its benefits. While Mr. Carnegie's money if given without hampering conditions would of course, be gladly welcomed by Trinity College, and while I have the highest opinion of the character and ability of Mr. Pritchett, president of the foundation, I should not be willing to see this college change its organization in any way to secure the benefits of this great corporation. The college, I think would not be justified in accepting financial benefits from this or any other source unless they can be had without any concessions whatever, and unless they come free of all embarrassing or compromising conditions.

"We believe in the beneficient mission of Trinity College, and we are deeply grateful to those who help us bear its burdens. We keep on our permanent records the names of all who make gifts to the college. This year when there has been a change of administration I must record with great gratitude the kind words, the cheerful deeds, the good wishes, and good will that have come to me and to the college from the alumni, patrons, and friends everywhere. In the friendship of this vast host the college has its richest asset, and I wish to know some way by which I might put in tangible form the sense of gratitude we all feel toward them.

"With deep and grateful appreciation I now announce the gifts made during the year beginning with October 3, 1909, and ending October 3, 1910.

AGAINST PRODUCE EXCHANGE.

Dissolved Kansas City Concern and Then Set Aside the Order.

Kansas City, Mo., October 3.—Half an hour after Judge E. E. Porterfield had dissolved the Kansas City Produce Exchange and fined three of its members an aggregate of $8,500, today, the court set aside both the order and the fines.

When the first court action was taken none of the defendants to the suits had a legal representative in court. Within a few minutes after Judge Porterfield had fixed the penalties however, W. S. Cowherd, attorney for the exchange, appeared and made strenuous protests against the action. He said he had not understood that the time for the final hearing of the case had been set for today. Judge Porterfield then set the case for hearing tomorrow.

Fines assessed today were: The Armour Packing Company, $7,500; W. L. Grush Commission Company, 500; and the Hurst Produce and Commission Company $500.

For years the custom has been for the exchange to meet daily at a local hotel and fix the prices of food stuffs, it is said. A few month ago, nine members of the organization were indicted.

WORLD'S SERIES IS ARRANGED

First Game Between Cubs and Athletics Goes to Philadelphia—The Names of Big Leaguers Who Will Play—Details.

Cincinnati, October 3.—A toss of a coin today decided at the meeting of the National Baseball Commission, that the first game of the world's baseball championship between the Philadelphia Athletics, Champions of the American League, and the Chicago Cubs, champions of the National League, would be played in Philadelphia. A few moments later the supreme court of baseball announced that the contests would begin at 2 P. M., on Monday, October 17.

It has always been a superstition among baseball followers that the team winning the toss for first game loses the series.

For this reason President Murphy, of Chicago, was not much downcast when President Ben Shibe, of Philadelphia, called the turn of a half dollar today.

The series will be played off in the following manner:

First game, Monday, October 17th, at Philadelphia. Second game, Tuesday, October 18th, at Philadelphia.

Wednesday, October 19th a train trip from Philadelphia to Chicago.

Third game, Thursday, October 20th at Chicago. Fourth game, Friday, October 21st, at Chicago.

In case other games are required to settle the supremacy a fifth game will be played Saturday, October 22nd, after a surried run in a special train in case another game is required, another hurry run in a special train will be made from Philadelphia to Chicago in time to play the sixth game in Chicago on Sunday, October 23rd.

If the series should not be settled by this time, the place of playing the seventh game will be determined by the toss of a coin.

The umpires who will officiate in the big series will be Rigler and O'Day for the National League, and Connolly and Sheridan for the American League.

The players eligible to take part in the series are: Chicago National League Club:—Archer, Beaumont, Brown, Cole, Chance, Evers, Foxen, Hofman, Kling, Kane, McIntyre, Needham, Overall, Pfeffer, Pfeister, Richie, Reulbach, Sheckard, Steinfeldt, Schulte, Tinker, Weaver, Zimmerman.

Philadelphia American League Club:— Atkins, Bender, Barry, Baker, Coombs, Collins, Donohue, Dygert, Davis, Derrick, Houser, Hartsel, Krause, Lapp, Livingston, Lord, Morgan, Murphy, McInnis, Oldring, Plank, Thomas, Strunk.

The scorers selected are Francis Richter, of Philadelphia, and Taylor Spink, of St. Louis.

John Heydler, secretary to President Lynch, of the National League, and Robert McRoy, secretary to President Johnson, of the American League, have been selected business managers of the series.

Reserve seat prices were fixed at from $1 to $3, while the price for general admission will be fifty cents.

As is usual, the player will receive sixty per cent. of the proceeds of the first four games, but in order to allow the players to partake of the benefit of a Sunday game, the commission put a provision in the rules that if none of the first four games receipts equals those of the Sunday game in Chicago, in case the latter game is played, that the players proportionate share shall be made on the basis of the Sunday game in Chicago.

In case any of the games are postponed by weather conditions, the succeeding games are to be moved ahead except that in any event the game scheduled for Sunday, October 23rd, is to be played in Chicago.

Having in mind the trouble with ticket scalpers during the past world series, the commission today added a warning to its announcement cautioning the president against paying any higher prices than those fixed in the official schedules. Every effort it is stated, will be made to prevent ticket scalping and the co-operation of the public is requested.

COTTON ADVANCES ON CROP ESTIMATE

Government's Figures Causes Staple to Reach New High Season Record.

MUCH ACTIVITY ON MARKET

Business More General Than Any Time Since Last May—Buying Movement Feature—General Crop Conditions.

New York, Oct. 3.—Although today's government report on the condition of the cotton crop did not fully bear out some of the extremely bullish private estimates, it was bullish enough to start an active buying movement which advanced prices to a new high record for the season.

While there was tremendous realizing the market advanced to 14.13 for December and 14.31 for March before there was any reaction of consequence. Even then efforts were so well absorbed that after selling off some 15 to 25 points from the top the market again rallied and at the close was firm, with last prices 20 to 30 points above the closing figures of Saturday.

Business was more general than any time since last May for the excitement which attending the closing phases of the old crop campaign did not represent such widespread interest as the market now appears to be attracting owing to an apprehension that another small crop is to follow.

For the past two or three weeks the market has shown an advancing tendency based upon a bullish view of crop prospects, and it now appears that some of the same bull leaders, who were prominently connected with the movement of last season are already accumulating large holdings in anticipation of high prices. The effect of this buying had been considerable and before the government's condition figures were issued today December contracts, which had sold at 12.83 last month, were selling at 13.94 while March contracts, which had sold at 12.89 after the culmination of the old crop bull campaign, had advanced to 14.12.

While the acreage this year is larger than last season, bull authorities assert that the crop this year is so large that calculation based upon the condition figures will prove misleading unless there is an abnormally late growing season. The census report issued earlier in the day had no immediate influence on the market.

The Southern spot markets as officially reported, were unchanged to 1-4c higher, but local buyers profess to believe that the South will be found ready to follow the speculative advance.

KILLING AT BOLTON.

Negro Shot to Pieces Saturday While Resisting Arrest.

(Special Star Correspondence.)

Whiteville, N. C., Oct. 3.—A negro was shot and killed at Bolton Saturday night by Mr. Bailey, special officer at Bolton. It seems that Mr. Bailey had a warrant for the arrest of this negro, and started out that night to search for him. He was found in a house in the town with several other negroes, gambling. As soon as the officer appeared in the door the lights were put out and the negro began to shoot. He fired several times at Mr. Bailey, wounding him slightly in the leg and powder also burned his face. Mr. Bailey opened fire on the negro and literally shot him to pieces. Coroner Mills held an inquest yesterday over the remains of the negro, and a verdict of justifiable homicide was returned. It is said the dead negro was a stranger in Bolton and came from Wilmington. His name was Duncan McEachern.

Last Friday evening a negro was brought into Whiteville from Bolton with a bloody head. It seems that he resisted arrest when the officer struck him over the head. The negro was lodged in jail. His name was Joe Hickman.

There is a good deal of trouble of late among the negroes working in the logging camps, as blind tigers are supplying them with whiskey.

There is quite a crowd in town today, it being the first Monday. The Board of Commissioners are in session, and there will be an effort made toward starting work on that Charlotte-Wilmington Highway. The people in the townships through which the road will pass are enthused over the great undertaking.

The contest will close five weeks from last night, and it presents an opportunity for a contestant to secure $500 in cash, a $500 piano, a handsome pony and cart, and two free trips to Cuba, or one of the other numerous prizes.

A Good Start.

Now is the time to start right in and make yourself a winner. It sometimes takes a good many years to save $500, but in this case a young lady, whether she be married or single, can save $500 in cash or be the possessor of a $500 piano, or one of the many other premiums as heretofore mentioned. All that is necessary is to circulate among your friends, explaining to them that they will receive a good paper which contains the latest news of the day and that you will receive a grand remuneration for your assistance in circulating the Wilmington Star.

Turn in Subscriptions.

It is well to turn in your subscriptions as soon as received, and request from the one who subscribed, that they save the five-vote coupon for you, as 100 votes might stand between a contestant and one of the grand prizes.

Nominating Blanks.

In each issue of the Star there appears a nominating blank that calls for 2,000 votes. One of these can be credited to each contestant one time. There also appears a five-vote coupon which entitled each contestant to five votes each, and a contestant may get as many of these as possible.

The Way to Secure Votes.

The real way to secure votes, however, is to procure subscriptions, for a four months subscription which costs $2.00, for which a 600-vote coupon is issued. For a six-months subscription which is $3.000, a 1,200 vote coupon is issued, and for a year, which is $6.00, a 3,000 vote coupon is issued. Half the above number will be allowed on renewal subscriptions; however, during this offer 35,000 extra votes will be given for every $30 in new subscriptions.

Literature, which consists of description of the contest and receipt books and sample copies of the paper will be sent to each and every contestant upon request.

If there is anything that a contestant does not understand in regard to the contest, or the special offer, it would be well to write immediately and information will be forwarded by telephone 190, or by return mail.

Now is the time to get busy.

Beverly, Mass., Oct. 3.—President Taft resumed his vacation today, celebrating his return to Beverly with a game of golf over the Myopia links. Mr. Taft will remain in Beverly until October 17th. The two weeks promise to be exceedingly quiet and it is understood that no engagements of importance have been, or will be made.

Deed of Transfer Was Filed for Record Yesterday.

Mr. James Howard and wife have purchased from Messrs. J. W. Murchison and W. E. Perdew, partners trading and doing business as J. W. Murchison & Co., the valuable property on North Front street on which the Bijon thearte is located, the deed being filed for record yesterday morning. It was announced some days ago that the deal had been practically consummated, the parties having agreed upon the price and the only thing lacking to make the transfer complete being the signatures to the deed, which, it was stated, would be attached as soon as the lawyers engaged for the purpose announced the title to be satisfactory. The amount given in the deed is $100 and other considerations, but it is understood that the property brought in the neighborhood of $20,000. The property is located on the west side of Front, 173 feet north of Chesnut street, 40x144 feet in size. The purchasers are also given the right to use a certain alley adjoining the property.

Mr. Howard is one of the owners of the Bijou theatre and the property will continue to be used for this purpose, it was announced some days ago.

Other deeds were filed for record as follows: Dr. W. J. H. Bellamy and wife to J. D. Dennis, for $100 and other considerations, lot on southwest corner of Seventh and Nixon streets, 33x60 feet in size.

ALL UNSTRUNG

Many Wilmington People Suffer from Nervous Troubles and Don't Know Why.

Thousands of cases of kidney trouble show few outward symptoms except nervousness, depression, languor, irritability and an inclination to worry over trifles. It is generally due to the poisonous action of uric acid on blood and nerves, and can't be cured except by curing the kidneys. Doan's Kidney Pills cure these ills by curing the kidneys. Wilmington women are learning it. Here's a local case.

Mrs. J. E. Marshburn, 516 Castle St., Wilmington, N. C., says: "I suffered a great deal from backache and pains through my loins. Headaches were common and the kidney secretions were unnatural. I always felt tired and languid and little like doing my housework. Doan's Kidney Pills, procured at Robert R. Bellamy's drug store, cured me and improved my health. I am willing to publicly endorse this reliable remedy.

THE JONES-DANIELS FIGHT

Both Dismissed Without Costs—Merchants Association Growing—Harris Declines to Run—Other Raleigh News.

Raleigh, N. C., Oct. 3.—In the Police Justice's court this morning at 11 o'clock Josephus Daniels and State Senator W. B. Jones appeared and made personal statements relative to their sensational encounter on Fayetteville street with the result that Justice Stronach suspended judgment without even requiring either belligerent to pay any costs in the case.

Senator Jones told the court frankly that he made the attack on Editor Daniels because of repeated newspaper criticism of him and his father in the editorial and news columns of the News & Observer. Mr. Daniels also made a personal statement as to the features of the street fight. Justice Stronach said he realized the provocation that for some time past had prodded Senator Jones toward such action and, at the same time he wanted to impress the fact that the public streets were not the place to air one's grievances in this manner. Furthermore he didn't wish to take any action that would seem to indicate a license for attacks to be made on newspaper men at will by men who might think that they had grievances. However, taking all phases of the case in consideration he would suspend the judgment. It was after this judgment of the court, when J. W. Hinsdale, as a friend of Senator Jones, asked to know the costs in the case, that the justice stated that the court would enter no costs in the case. The court room was well filled with spectators who seemed to very generally approve the action of the court.

At state headquarters of the North Carolina Merchants' Association here the announcement is made that local associations have just been formed at North Wilkesboro, Elkin, Kernersville, Gibsonville, Mebane, China Grove, through the efforts of State Oragnizer W. F. Eller, who is just now in Charlotte rendering some aid to the local association there in furthering the effectiveness of its work. He goes next to Concord and then to Lexington for co-operative work with the local associations of those places.

The Southern Contracting Company, Charlotte, received a charter today with $125,000 capital for general contract work in road building, street grading, dealing in machinery and supplies, and other enterprises. The principal incorporators being E. L. Propst, J. W. Haley, F. P. Williams and others.

There is also a charter for the Crane Plumbing Co., Fayetteville, capital $10,000 authorized and $3,000 subscribed by V. H. Crane and others.

Something of a stir was made this morning in Wake county political circles by the announcement of Charles U. Harris that he will not make the race on the Independent Democratic ticket for the State Senate in opposition to Dr. E. W. Sykes, of Wake Forest College faculty, who heads the regular Democratic ticket named in the sensational June primaries. Mr. Harris was nominated in the Independent Democratic mass meeting Saturday and appeared before the convention and accepted the place assigned him on the ticket in a speech in which he assailed the Daniels-Bailey wing of the party and pledged a fight to the finish. He made the statement early this morning just before leaving for Greensboro, that he would come off the Independent ticket.

The Corporation Commission made an order this morning rejecting the plans submitted by the Atlantic Coast Line for passenger station improvements in Fayetteville and directing that more adequate plans be submitted within thirty days. The commission holds that in the plans submitted the waiting rooms are two small, the ladies' retiring room too small and the general arrangements of the station not as they should be. The commission intimates that it believes the location unsuited. At the same time the commission conceded that under the statute it hasn't the power to force a union station because the Raleigh & Southport has adequate individual station. The preamble to the order shows that the Atlantic Coast Line's receipts from the sale of tickets at Fayetteville amount to $15,000 to $18,000 per month and the freight receipts from $60,000 to $70,000 per month making the receipts something like a million dollars per annum.

UNIVERSITY STUDENT SHOT.

Member of Freshman Class Shoots Room Mate for Burglar.

(Special to Charlotte Observer.)

Chapel Hill, N. C., Oct. 2.—Henry Fairly, of Monroe, was accidentally shot in the neck by his room-mate, S. I. Parker, also of Monroe, about 4:30 o'clock this morning. Both men are freshmen at the University, rooming over Pickard's store. Parker states that he heard a noise outside his door as of an intruder and raising himself in bed fired directly at the door, hitting his room-mate, who had risen from his bed and gone toward the door. The room was in total darkness. The wounded boy was taken to the infirmary. His injury is not serious, being a slight flesh wound. Parker is a brother of Mr. J. J. Parker of Monroe, who is Republican candidate for Congress.

A STATEMENT

Raleigh, N. C., Oct. 4, 1910.

Editor of The Morning Star, Wilmington, N. C. Dear Sir:—I enclose you copy of a letter to the Houston (Texas) Post, which that paper published. The editor of that paper is a North Carolinian and is a representative type of our eminently brave and true people.

He was misled by a certain publication in this city, into publishing a gross falsehood about me in connection with the North Carolina second mortgage bonds. I wrote him giving him the facts and he promptly and gladly published my letter not only as a matter of justice to me but also as a matter of duty to himself and to his readers. The editor of the paper that misled him, who is not a representative of our good people, but who is a hybrid of a very low order, has naturally refused to publish the letter giving the facts.

While I know you are in no way responsible for the necessity for such a letter, yet the subject-matter has, through misinformation and through constant misrepresentation, become of no little interest to most, if not all, of the voters of the State. Hence I feel that the time has come when every fair newspaper should feel that it is its duty to give accurate information about this matter to its readers. Therefore, I ask that you publish the letter to the Houston Post, and also the correspondence with Dr. Kemp P. Battle, who was State Treasurer when these bonds were issued, with reference to those bonds, and also a short extract from the journal of the North Carolina legislature of 1895, which was the legislature which settled and adjusted those bonds after the decision of the Supreme Court sustaining their validity, and holding that the property which the State mortgaged to make those bonds sell for par, was subject to the debt.

I have nothing to ask myself, but your readers are entitled to know the truth.

Yours very respectfully,
MARION BUTLER.

Correspondence of Dr. Battle.

Washington, D. C.
October 25, 1906.

My Dear Dr. Battle;

Mr. Butler is in the West and I don't know what he will think of what I am going to do. I have just finished reading the papers, and they are very abusive. I am writing to ask you if you will give me a statement about the issue of these bonds that were collected. When Mr. Butler took that case, he talked it over with me as he does every big question that concerns us. I told him after I knew the facts that I approved his accepting it. He never has, or never will, be a party to collecting those "carpet-bag" bonds.

In justice to him as a son of the University and one that loves it and has always come to its aid when he was needed and always will continue to do so, I ask you to give me this statement to use as I see fit. This I am asking in justice to my sons who I hope to raise good North Carolinians and a credit to the State and to the University.

Hoping to hear from you very soon, I am, Very sincerely,
FLORENCE FAISON BUTLER.

Chapel Hill, N. C., Oct. 27, 1906.

Mr. Dear Mrs. Butler:

In reply to yours of the 25th, in regard to the bonds sued on by South Dakota, I give the substance of my testimony in the suit. The bonds were issued under an act of 1854-55 1860-61, authorizing subscription by the State to the capital stock of the Western North Carolina Railroad. In order to enhance the value of the State bonds issued for paying for the stock by the act of 1866, a mortgage of ten shares of stock in the North Carolina Railroad Company was endorsed on each one thousand dollar bond.

By that act the State bonds were to be sold to the highest bidder at not less than par. After due advertisement the Western North Carolina Railroad Company was found to have bid par and Governor Worth and myself executed the bonds and delivered them to the president of the company. What price the company received for them I have no means of knowing.

The officers of the company were men of high character, viz:—S. McD. Tate, president; James R. Wilson, superintendent; A. B. Simonton, treasurer.

I give you the "cold facts" about the bonds. I think that the public is beginning to understand the truth. You cannot go further than I do in expressing the magnitude of Senator Butler's services to the University. I have given my testimony publicly and privately.

Hoping the above explanation is what you wish,
Very truly yours,
KEMP P. BATTLE.

A Card From Ex-Senator Marion Butler Making a Correction.

"Editor Houston Post, Houston, Tex:

"Dear Sir:—A friend sends me what purports to be an editorial clipping from your paper which contains the following:

"'There is a Marion Butler, of North Carolina, at present engaged in a conspiracy to bleed North Carolina for the bonds fraudulently issued by the carpet baggers.'

"There is not a word of truth in this statement, yet you make the charge as a fact and on your own responsibility.

"I have no connection with any effort to collect any of the fraudulent carpet-bag bonds. I was employed several years ago by the holders of the North Carolina Second Mortgage Bonds to establish their validity and enforce their collection. The judgment of the Supreme Court of the United States established the validity of these bonds and they have been paid. They were not carpet-bag bonds and there never was any taint or fraud connected with them. They were issued by a Democratic Governor (Jonathan Worth) and a Democratic State Treasurer (Dr. Kemp P. Battle). The bonds were sold at par; the State received every dollar of the proceeds. Unquestioned evidence to this effect was before the Supreme Court at the trial of that cause.

"Since the judgment of the Supreme Court in that case, I have been approached by the holders of several classes of carpet-bag bonds to represent them as counsel. I have advised these parties that I was not in favor of any attempt to collect fraudulent carpet-bag bonds, and, besides, that I was satisfied that the Supreme Court would never uphold their validity.

"You have probably been misled by a certain newspaper in North Carolina, the Raleigh News and Observer. That paper first published the charge which you now make, and did so, probably through ignorance and malicious recklessness. The editor of that paper knows now, however, that the charge is false; yet he has never had the honesty or manhood to make the correction. Indeed, that paper has just copied your editorial, without correction and with apparent approval, knowing that it is basely false. Besides, that paper in a recent editorial says:

"'The recent attempt of the bond syndicate, which formerly operated through the Republican Governor and Fusion Senator from North Carolina, to induce Rhode Island to sue North Carolina, has served to call attention to the venal acts of the carpet-bag legislation that cursed the South.'

"This clearly is an effort to charge by indirection that I am connected with the New York syndicate, which recently presented some Carpet-bag bonds to the State of Rhode Island for collection. In order that you may not be further misled, I take this means to brand that editorial, so far as it seeks to connect me with that New York syndicate or any effort to collect fraudulent carpet-bag bonds as false and wilfully mendacious.

"Yours very truly,
"MARION BUTLER."

An Honest and Just Settlement.

The Democratic Legislature of 1905, which made a final settlement of those bonds after the decision of the Supreme Court, appointed a committee, all of whom were Democrats, and instructed them to confer with the Council of State to consider the liability of the State and to recommend what settlement of these bonds would be fair and just. The report of this committee will be found in House Journal of the Legislature of 1905 (on pages 1149 and 1150, and recommended a settlement of these bonds. That report closes as follows:

"We believe this settlement is both honest and just, and we therefore recommend that the General Assembly accept and approve it."

"A few years ago we considered that we were doing well if we cured ten per cent. of the cases of catarrh brought to us, but since the introduction of "Bloodine" into our hospital we cure more than 90 per cent. of all the cases of Catarrh in its various forms brought to us. Catarrh of the Head, Catarrh of the Eyes, Catarrh of the Bladder and Uretha, Catarrh of the large intestines, Catarrh of the Larynx, Pelvic Catarrh, Catarrh of the Throat,, and Catarrh of the Stomach are quickly cured with "Bloodine." It builds new tissues, gives new energy, new life, new blood and strength to any part of the body attacked by the Catarrhal germs."

Bloodine is a powerful tonic, nourishing food medicine, composed of valuable tonic stimulants obtained from vegetable drugs. "Bloodine" contains no narcotics or other dangerous drugs which merely deaden pain temporarily, but give no permanent relief or cure the cause of your disease. "Blooding is a powerful body builder and blood maker; it is the best remedy known to the medical profession to enrich thin, watery blood and supply new, rich red blood to the whole body.

Tuesday, October 4, 1910.

Women have two souls, so Dr. G. Stanley Hall contends. Bless their souls, they can have as many souls as they want if they will only adopt the "silent treatment" as practiced by West Point cadets.

Hon. William Randolph Hearst denies that he is a Republican. If he can prove an alibi it will keep him from being lonesome, as it is not very popular to be a Republican after all that has happened.

Republican Maine has repudiated Republicanism. That is good enough reason why Democratic North Carolina should keep on repudiating a Republicanism 1,000 per cent. worse than the Republicanism repudiated in Maine.

Col. Roosevelt has endorsed eighteen months of Taft's administration, but so far as heard from Taft has given "the silent treatment" to Roosevelt's "New Nationalism," after having doped it in his conservation speech at Minneapolis.

Judge Thomas, af Kansas City, declares that all engagements of marriage should be advertised 60 days before the ceremony takes place. The judge probably expects every newspaper to commend his efforts in behalf of saner matrimony.

The Sultan of Sulu had hardly reached the United States till he lit out for home. He butted into high prices in New York and Washington and when he found out that an oriental potentate was a small potato in the presence of the American head-waiter, he got enough. No doubt he will go back to the Phillipines under the impression that preditory people were entirely too glad to see him over here enjoying himself.

Democrats who voted for Roosevelt wish they had voted for Bryan. Democrats who voted for Taft wish they hadn't. The Democrats who voted for Senator Lorimer wish they hadn't been caught at it. The best way to do is to keep your politics straight and have fewer regrets as the result of inconsistency. Fewer men will want to kick themselves if they remain true to their political principles—if they have any. If they haven't got any they ought to get some and keep them.

A stockholder of the Pennsylvania railroad has urged the president of the company to collect $100,000 which is alleged to be overdue by Col. Roosevelt for travelling expenses while he was President. The idea of sending in such a big bill as that is preposterous. Nobody but a malefactor of great wealth could be expected to pay a bill like that so soon after the Roosevelt panic. Probably Col. Roosevelt can prove that he paid the Pullman car porters and never expected to be worried with small matters like his fare.

A correspondent of the Winston-Salem Journal, after complaining that Winston-Salem is overrun by suck egg dogs which break up hen's nests, kill chickens and are liable to bite women and children, inquires: "Why don't we petition Congress to make a dog law that will protect the lives of the citizens on our streets from vicious dogs that are permited to roam at large in this beautiful city of ours?" Of course, Congress at present has no power to remedy the dog nuisance in Winston-Salem, but if Colonel Roosevelt has this dog problem called to his attention he may be only too

COLONEL BRYAN'S ALLEGED BOLT.

It was recently announced that the Hon. William J. Bryan had bolted the Democratic nominee for Governor in Nebraska. The news created widespread attention and evoked unending editorial discussion throughout the country. Surprise was expressed in some quarters, regret in others and pleasure was caused in certain circles which wanted to see boltism justified by the Nebraskan himself. In some instances it was a cause of misery loves company", because there are a certain class of bolters who have felt bad over their bolting record and a certain sense of relief would come to them if Colonel Bryan should go wrong himself.

The curious part about it is that people and newspaper with the taint of boltism all over them have appeared to be indignant at the action of the Nebraskan, apparently considering it all right for them to bolt but a crime in the Peerless One to fly the track at a moment when Democrats are pretty well united in their desire and determination to sweep the country in November. Another curious part of it is that the Nebraskan really has not bolted, but newspapers are continuing to insist that he is a bolter and editors are still commenting upon it and insisting in discussing the matter from the standpoint that the whilom leader of the Democracy has gone back on his Democracy.

The fact is, Col. Bryan announced that he would vote the straight Democratic ticket, including the Democratic nominee for Governor, but that he could not consistently and conscientiously go on the stump and advocate the election of Mr. Dahlman, the nominee for Governor, who is making his campaign on a local option platform. Col. Bryan is opposed to local option, has been fighting local option, and concluded that he could not conscienvolving conscientious scruples, he considered that he could not conscientiously take the stump and make speeches contrary to his standard of morality. The simple truth of the matter is that the Nebraskan, while determined to vote straight, did not wish to appear inconsistent in making speeches advocating a solution of the whiskey problem to which he is not conscientiously committed and advocation of which would place him in a false light more subject to attack than his refusal to become a campaign spieler.

Col. Bryan really has disappointed a breat many by not being an out and out bolter, but we should all be willing to give him the square deal. Even should he scratch the Democratic nominee for Governor and refuse to vote for the Republican nominee, it would not be a bad case of bolting like scratching Bryan and voting for Roosevelt. The real bolter is the man who scratches any one of his party nominees and votes for a Republican nominee instead. In all justice to Col. Bryan, he is not a bolter, even in the mild sense of the term. He is sticking to the party but is sulking in his tent on the whiskey question, so there is no propriety or fairness in the efforts of Democratic newspapers to show him up in the light of a bolter. "Give the devil his due."

Even Senator Tillman, of South Carolina has taken a shy at Col. Bryan "in regard to Bryan's bolt of the Democratic gubernatorial candidate in Nebraska." A special dispatch in the Charleston News and Courier on Sunday quotes Senator Tillman as saying in an interview at his home in Trenton, S. C.:

"I am astonished and must say somewhat disgusted and grieved at Mr. Bryan's action. He was the victim of the bolters among Democrats in 1896, and very justly he has held them up to scorn and has not hesitated to express his feelings at their treachery. His action in bolting the Democratic nomtnee in Nebraska, forever silences him on the subject of his own betrayal; and this is too bad, just when things seem to be coming our way politically. A Democratic House of Representatives is almost a certainty, and a Democratic President next time a very promising probability. It is too bad, and, in my opinion, ends Mr. Bryan's political career."

Isn't this the same Senator Tillman who threatened to carry his followers into the Populist party in South Carolina if his "reform" movement in South Carolina did not succeed? Anyhow, he is the same Senator Tillman who made a speech in Fayetteville, in 1908, and justified Populism in North Carolina. This writer heard that speech and was "somewhat disgusted," although the Senator did it in appealing to Populists to come back into the Democratic party and support it in the effort to redeem North Carolina from fusion. There never was any justification or political sense in Populism, but if Senator Tillman could by any manner or means justify Populism for a political error he should not be so ready to condemn any man for being a little irregular on a moral question.

We have never hesitated to differ with Col. Bryan, but we can see nothing in the efforts to make him appear as a bolter. A great many of those who are doing that are working the "Bryan bolt" for all it is worth, with the hope that it will help Republicanism. Voters, ex-bolters and all, should get right themselves and vote straight this time. It makes no difference whether Bryan is a bolter or not, it has nothing to do with our duty in saving North Carolina from Butlerized

of the burdens of the Aldrichized tariff.

'PHONE TALKS WITH OUR FARMERS.

The Star hopes it will not be very long before its subscribers throughout the country will be able to call up the office over the farm 'phone. Farmers' telephone lines are geting to be the thing in several Southern States and there are progressive counties in North Carolina from every comer of which telephone messages can be sent to the county sites and neighboring towns. This is a sign of remarkable progress, and the counties of New Hanover, Brunswick, Columbus, Bladen and Pender must not fall behind the march of progress that is also ready to invade them.

The farmers and truckers all around Wilmington will soon have an opportunity to show whether they will manifest the enterprise and progressiveness displayed by other agricultural communities in their State. The community which does not seize the opportunities for keeping up with modern utilities and conveniences will remain in the back ground. We have no idea that our progresive eastern North Carolina people will be content to be behind the times, so we are satisfied that they will heartily cooperate with the Southern Bell Telephone and Telegraph Company which now has a campaign on for introducing rural tlephone service in the counties which we have named.

The campaign in behalf of the rural telephone has a year the start of us in some of the live counties of North Carolina and South Carolina but we do not propose that they shall leave us in the lurch. In the agricultural districts of Union county, S. C., there are now hundreds of farm telephone, and the service has become so popular and useful that the establishment of farmers' lines is proceeding merrily, backed by the Union Chamber of Commerce and the bankers, merchants and business men of the prosperous city of Union and other towns in the county. An indication of the great interest in that South Carolina county is that the Chamber of Commerce has a committee at work throughout the county securing signatures to a petition soliciting subscriptions from the citizens of the city of Union and Union county for the erection of farmers' telephone lines through the county. In a day they secured contributions amounting to $400 and everybody in the city and county is enthusiastic over this progressive movement. Meetings are being held in the different townships of the county and they have been attended by representatives of the Chamber of Commerce which is making a vigorous effort to have Union county listed among the preogressive counties in the Piedmont.

The rural telephone is coming and it is indispensable. It means progress. Wilmington must get in touch with the people throughout the country. It will be mutually advantageous to have telephonic communication every day between the city and the country. While Wilmington can now talk with a large portion of the surrounding country, we must see to it that the service is extended in all directions. The Star wants to see the time come when the farmer can call his doctor over the 'phone, stand at home and communicate with the city about the market quotations, and talk business with the merchant in the city and his neighbors in the country. Let us help to hasten a progressive condition so ideal.

Dixie will be rejoiced at Dix's election in New York in November.

The origin of "the silent treatment" is in dispute, but it is generally agreed that it didn't originate in any woman's college.

Probably what Vice-President Sherman thinks of the square deal as she is dealt by Roosevelt would be worth $2 a word.

A New York fashion expert says "a woman can dress on $600 a year." Some of them can dress on that and not half try.

It doesn't take much notriety to put any Vice-President out of business. Why should a Vice-President take chances with the limelight, anyway?

A Bavarian Duke speaks in rapturous terms of the American girl. Probably that is the way the Duke has of letting it be known that one of our girls can buy him in order to get his title.

Georgia papers are boasting that Woodrow Wilson once passed through Georgia. We should say that he is awfully lucky for not getting off the train long enough to eat a Georgia watermelon.

Sanitary and sensible living will cut down the Nation's doctor bill and lower the National mortality rate. "Justice" in this week's Union Republican answers the letter of Col. V. S. Lusk, who asked what he should say when he was asked why the State convention nominated the very man whom President Taft had refused to appoint to the Federal judgeship in this State. "Justice" says that it was the general impression that the President stood ready to appoint Col. Harry Skinner just as soon as the State organization gave Col. Skinner its support. This may be true—but did Judge Connor have the endorsement of the State organization?—Winston-Salem Journal.

Mr. Roosevelt as President did, indeed, inherit the practice of making free use of the roads. But he stands much alone as President, in never having seemed to appreciate the indefensible nature of the practice. If he had, he would have traveled as little as possible. He would at least have closely limited the size of his official family in traveling and made himself and the rest pay for their own sustenance. His failure to do this does not reflect possession of that sensitiveness to square dealing which is to be expected of the zealous reformer of business abuses. —Springfield Republican.

One thousand millions of dollars! That is a pretty big sum, eh? It is almost too large for the mind to grasp in its full significance. Yet that is what the South is going to get for the current season's cotton crop, according to estimates published in the Daily Consular and Trade Reports. The estimates are based on a crop of 12,000,000 bales at the price of last year's average, $73.41 a bale. That is to be approximately the value of one crop. Add to it the value of our naval stores, lumber, iron, minerals and the various farm products besides cotton, and it can be seen at a glance that there is nothing short of a cataclysm that can prevent the South from becoming very prosperous and very rich.—Savannah News.

PENDER CONVENTIONS.

County Officers Nominated at Burgaw Yesterday—Large Attendance.

(By Long Distance Telephone.)

Burgaw, N. C., Oct. 3.—The Democratic convention for the county of Pender met at 12 o'clock noon today upon the published call of E. L. Larkins, Esq., chairman of the Democratic County Executive Committee, and Robert I. Durham, secretary, upon the advice of the county committee. E. L. Larkins, Esq., called the convention to order and the committee on permanent organization named Hon. Jas. F. Moore as chairman and Messrs. E. E. Murphy and L. McNeill as secretaries. While the committees were making up their reports Mr. McNeill addressed the convention in a rousing address for good roads. The convention then proceeded to the nomination of officers, which resulted as follows: For the House, ex-Sheriff W. W. Alderman; for Clerk of Court, J. F. Johnston, present incumbent; for Sheriff, W. R. Atkinson present incumbent; for Register of Deeds, R. I. Durham, re-nominated; for Commissioners, T. J. Armstrong, Rocky Point, re-nominated; W. H. Lewis, Atkinson; J. F. DeVane, Currie; for Surveyor, Thos. Simpson, Long Creek.

The convention was enthusiastic and harmony prevailed throughout the entire session. The candidates who were defeated accepted their defeat in a very graceful manner, assuring the convention of their loyalty to Democracy and their opposing friends.

Immediately following adjournment of the convention, the Democratic Executive Committee met and E. L. Larkins, Esq., was re-elected county chairman for the ensuing term of two years while R. I. Durham was elected secretary.

SUICIDE IN NEW YORK.

Dr. Hubert Gudger, of Asheville, Slashes Throat in New York.

New York, Oct. 2.—With his mother frantically endeavoring to restrain him, Dr. Hubert Gudger, a young physician from Asheville, N. C., committed suicide today by cutting his throat with a razor in a room at the Grand Union hotel. Dr. Gudger was graduated from the school of medicine of the University of Pennsylvania in June last and returning to his home, broke down from overwork. It had been intended to place him in a sanatarium tomorrow.

Both father and mother accompanied the young man to this city and watched him closely lest he carry out the purpose of self-destruction, with which he seemed to be possessed.

This afternoon Mrs. Gudger persuaded her husband to go for a walk, leaving her alone on guard. She must have dozed, for the next she knew she heard her son moving about in his room.

With a scream the mother rushed to her son's side, but he pushed her away, and though she still clung to his arm, he raised his hand to his throat and slashed himself with such force that the blade of the razor snapped. He died in ten minutes.

Asheville, N. C., Oct. 2.—Dr. Hubert B. Gudger, who committed suicide in a New York hotel today, was the youngest son of ex-Congressman J. M. Gudger, Jr., who is the present Democratic Congressional nominee from the Tenth district. The deceased, who is 26 years old, left this city, where he spent the Summer with his parents, last Friday evening, accompanied by his parents. It was the latter's intention to place their son in a New York sanitarium. He had been suffering from nervous troubles, superinduced, it is thought, by hard study and overwork.

The deceased is survived by his parents, one brother and one sister. The former is Emmet Gudger, paymaster on the battleship Idaho. His sister is Mrs. John W. Langley, wife of Congressman Langley, of Kentucky.

MISS LILLIAN PHELPS.

Will Speak at Grace Church on Thursday Evening This Week.

Among the flattering press comments on the addresses of Miss Lillian Phelps, the following will be of interest:

"Something akin to a hypnotic spell fell upon the entire assemblage of people as this magnetic, eloquent and altogether pleasing speaker proceeded with her theme. But it was not so much the marvellous facility in the use of words, nor in the matter of the address, though that was far removed from the usual hackneyed 'beating out of the old straw' of too many temperance lectures; it was rather the breadth of view, the moral elevation and the spirit of Jesus Christ in His enthusiasm for humanity, that suffused the heart of the speaker, and so put her in touch with the best that is in us."—Ottumwa, Iowa, Press.

The public is cordially invited to hear Miss Phelps who comes here under the auspices of the W. C. T. U. at Grace Church, Oct. 6th, at 8 P. M.

Raided by School Children.

The Wilmington Stamp Works, 15 and 17 Princess streets, was raided by school children yesterday, whole troupes of girls going in streams to that well known establishment. They had been invited by cards distributed in the schools and to each pupil who called was given a pretty red, white and blue pencil, along with a nice writing tablet. The little folks were highly delighted and the Stamp Works people were as pleased as the little folks whose bright faces greeted them throughout the afternoon.

TRIED TO ENTER HOME, SHOT

John Williams, Colorred, Got Pistol Ball in Leg at Residence of Captain Miller—Trial Today—Other Cases.

John Williams, colored, will be tried in the Recorder's court this morning on the charge of attempted burglarly, it being alleged that he made an effort to enter the residence of Capt. Wm. L. Miller, 1801 Princess street, yesterday morning about 1:30 o'clock, being deterred from his evident purpose only by bullets from revolvers fired by Capt. Miller and his son, Mr. Will W. Miller, one ball taking effect in the negro's right leg and the other in his hip.

About 1:30 o'clock yesterday morning a telephone message was received at police headquarters that a burglar had been captured at the home of Capt. Miller and requesting that officers be sent out immediately. Sergeant C. E. Wood went with the patrol wagon to bring the negro in. He found the negro in the grasp of Capt. Miller who was holding him in the yard.

Both Captain Miller and his son were sleeping on the second floor, in separate rooms, and about 1 o'clock in the morning young Mr. Miller heard a noise in the front part of the house, downstairs, as if some one were trying to get in. He aroused his father. The negro is said to have removed a portion of his clothing, including his hat, coat and shoes, and placed the same under a big rocker on the front porch. He then endeavored to gain entrance to the house through a front window, cutting out about a half dozen slats in the blinds. He found, evidently to his utter dismay, that his work had been in vain because the window was securely locked and fastened. He could have gained entrance here only by breaking out the lights in the window and this would have made more noise perhaps than he cared to risk. He then went around to the west side of the house and pried a blind open, breaking the hooks, but found all immovable when he attempted to raise them. Going to the rear of the house he endeavored to gain entrance through the lattice door, but it was securely locked and resisted his efforts. Proceeding to the east side of the house, he tried the pantry window failure again attending his efforts. All this time, Captain Miller and his son, guided by the noise, were busy going from one side of the house to the other in an endeavor to keep up with the negro in his efforts to gain entrance to the building. When the negro left the pantry window and started toward the front again, both the Millers opened fire with revolvers, Captain Miller shooting three times and young Mr. Miller four times. Two of the shots took effect as above stated. The negro yelled and was commanded to hold up his hands, or he would be shot to death. He promptly complied with the request and presently the negro was in the grip of Captain Miller, who held him until the arrival of the patrol wagon.

The negro claims to have been drinking, and stated that if he molested the blinds he did not know what he was doing. However, Captain Miller stated yesterday that the negro did not appear to be drinking, and if he was, he had reason and method enough to divest himself of his encumbrances and make repeated efforts to break into the house.

When arraigned in court yesterday morning Williams stated that he was not ready for trial; that he desired to communicate with his father, who lives in the city, and get him to secure a lawyer to defend him. The request for continuance was granted by the Recorder and the case will be called this morning.

Ed. Sampson, colored, was in court to answer the charge of assault with deadly weapon, it being alleged that he struck and seriously wounded "Bill" Bruton, a white man, at Eighth and Nixon streets, Saturday night about 10 o'clock. The white man was struck on the head and was so badly wounded that he was not able to be in court yesterday, but will probably be out today. Woodus Kellum, Esq., will represent the defendant. The case was continued until today. Sampson was arrested Saturday night by Officers Hall and George.

Grace Cochrane, colored, was fined $10 and costs for drunkenness and disorderly conduct. Mary Pope, a mulato, who has been many times in the employ of the county, was sent to the county farm again for 30 days, being convicted of the charge of drunkenness and disorderly conduct. A case against John Anderson and Annie Hall colored, charged with an affray, was called, the woman failing to show up and a capias was issued for her. Anderson was found guilty of slapping the woman and was taxed with the costs.

Ada Fulton, colored, was tried on the charge of drunkenness and an assault on Mary Scott, colored, the latter getting very excited in court as she related her side of the difficulty. She declared that the Fulton woman, who is very much smaller and physically not her equal, beat and banged her until she was almost dead. The witness got so excited in telling her story that the Recorder had to silence her several times. The defendant evidently expected to be found guilty and given a term on the farm for she appeared in court with a bundle of clothing under her arm. Her only statement was that she was drunk and that she probably did what the witness said she did. The Recorder gave her six months on the county farm.

The Recorder announced his decision in the case against Hoyt Cannady, a young white man, charged with assault with serious injury on Mr. A. Stocks, tried Saturday. The defendant was required to pay a fine of $25 and costs.

Follow the crowd and you will wind up at Gaylord's Grand Opening. **

SUPERIOR COURT BEGINS

Two Weeks' Civil Term Now in Progress with Judge Whedbee Presiding—Little Accomplished the First Day.

The regular two week's October term of New Hanover Superior Court, for the trial of civil matters, convened yesterday morning, with Judge Harry W. Whedbee, of Greenville, presiding. There were only two jury trials during the day, one being a divorce action and the other involving a small amount of money. The remainder of the day was consumed in calling over the docket and argument of a motion in the case of Chas. S. Riley & Co., vs. W. T. Sears & Co.

Hon. John D. Bellamy, of counsel for Capt. J. A. Burris, in his case against the City of Wilmington, announced that there was a likelihood of the action being settled out of court. It was stated yesterday afternoon that a compromise had been effected, whereby the plaintiff gets $500, the city paying the costs. The case has been tried twice, both times resulting in a mistrial. City Attorney McClammy represented the City in the settlement of the case. The plaintiff was suing for alleged damages for injuries received by falling into an excavation in the streets.

The case of Mary A. Lillycrop against the Woodmen of the World, may also be settled out of court, it was stated yesterday. Insurance money is involved in the action. The insured, a young man, came here from Charlotte, a few years ago, and opened a moving picture theatre, afterwards committing what was alleged to be suicide. The plaintiff is represented by Hon. John D. Bellamy and G. H. Howell, Esq., while Messrs. Bellamy & Bellamy represent the defendant.

In the case of T. R. Williams against D. H. Futch, the plaintiff is allowed 30 days to file complaint and the defendant allowed 30 days thereafter to file answer, or the case to stand dismissed. The following cases were continued until the next term: Chas. H. Thomas against J. F. Sellers, et al.; D. L. Gore against Oscar Pearsall, et al.; Alex Sprunt & Son against C. C. May; Alex. Sprunt & Son against N. Exans; Alex Sprunt & Son against J. K. Nixon, et al.; Alex. Sprunt & Son against J. J. Simmons.

Cleveland Carr, a white man, was granted a divorce from his wife, Jesse Carr. The only other case heard by the jury was that of James McLaurin, administrator, against Thomas McLaurin, an action to have certain assets turned into the estate. A verdict in favor of the plaintiff for $1 was returned. Joseph W. Little, Esq., represented the plaintiff, while Marsden Bellamy, Esq., appeared for the defendant.

Nearly all of the afternoon was consumed in the argument of a motion in the many sided case of Chas. S. Riley & Co., against W. T. Sears & Co. Argument had not been concluded when court adjourned for the day and will be resumed this morning. The attorneys interested are Davis & Davis, Rountree & Carr, Meares & Ruark and Herbert McClammy, Esq.

During the session of the court yesterday, Louis J. Poisson, Esq., was introduced to the court and exhibited his license from the Supreme Court to practice law in this State. He took the several oaths and was duly admitted to the practice of his profession in the State courts. He was warmly congratulated by members of the bar whom wish for him great success in the profession.

RECORD SESSION OF BOARD

Aldermen Disposed of Regular Monthly Business in Little More Than An Hour—Health Officer Vereen Resigns—Other Notes.

For the first time in the history of the present Board of Aldermen the business of the regular monthly meeting was disposed of yesterday afternoon in little more than an hour, including the reading of the minutes of the two meetings just preceding, which consumed a quarter of an hour.

The meeting was held in the afternoon instead of at night in order that several members might attend the show and the brevity of the session is probably due to the fact that those of the board who expected to see "The Beauty Spot" desired ample time after the meeting to get ready for the production. Business was disposed of in the regular order and the session was in every way a harmonious one.

The meeting was called to order at 5 o'clock by Mayor MacRae, who presided, with Aldermen Bonitz, Willard, Rehder, West, Stone, Ellis and Fales in attendance. Aldermen Yopp and Hinton were out of the city. After the reading of the minutes, Mr. Fowler the clerk, cleared his desk of all reports and communications. The report of the Street Commission showed the amount paid out in that department during the month of September to have been $744.29. City Clerk and Treasurer Fowler made his report for the past month, showing the amount on hand September 1st to have been $14,326.24; receipts during month, $23,141.29; a grand total of $37,468.03; disbursements, $12,868.38, leaving a balance of $24,603.67.

Merritt & Mitchell were granted license to conduct a near-beer saloon at No. 20 North Second street, and the application of John W. Capps for license to conduct a similar business at No. 1021 Market street was refused, not because of any objection to the applicant but because there was existing between members of the board an understanding that no near-beer saloons would be licensed in that particular locality, it was explained. Woodus Kellum, Esq., appeared in behalf of the applicant, but he was unable to secure favorable action.

Alderman West moved the adoption of the ordinance offered at the last meeting requiring that foodstuffs offered for sale, either in the stores or on display on the streets or sidewalks, be screened. The motion was seconded by Alderman Wilard. Alderman Bonitz asked that the ordinance as drafted be amended so as to require that all foodstuffs on display be at least two feet above the level. Alderman Fales said that the ordinance was something unreasonable. Alderman Rehder agreed with him. The vote resulted as follows: Ayes—Bonitz, Willard and West; nays—Fales, Ellis, Rheder and Stone. Later on in the meeting Alderman Stone moved for a reconsideration. This carried. He then offered an ordinance to the effect that all foodstuffs on display on the streets or sidewalks be screened. This ordinance was adopted, Alderman Fales casting the only vote against it. The main objection of Messrs. Ellis, Rehder and Stone to the original ordinance was that it required grocerymen to screen foodstuffs in the store and they considered this impracticable.

Upon motion of Alderman Fales an error in the market ordinance adopted at the last meeting was corrected. The ordinance as adopted requires that all markets close every day at 12 M. and not re-open until 3 P. M. Under the motion of Alderman Fales the clerk was instructed to write "except Saturday" after "every day."

Chairman Bonitz, of the Streets and Wharves Committee, reported that Superintendent of Streets Grant was this week taking his annual vacation and that his position was being filled by a substitute. While Mr. Bonitz was yet making report of his department the Mayor was called to the telephone to receive a complaint about the bad condition of Second street, between Market and Princess. Mr. Bonitz said that he had called to the attention of the Chief of Police the condition of the street.

Health Officer Resigned.

Of most importance in the report of Chairman Ellis, of the Sanitary Committee, was the fact that Health Officer J. C. Vereen had tendered his resignation effective at once. He suggested the name of Mr. M. C. Burney as his successor. Mr. Burney was one of the special officers employed during the late Summer and was recommended for the place by Dr. Akerman, who was present. Upon motion the resignation of Mr. Vereen was accepted and Mr. Burney elected in his stead. Mr. Vereen stated yesterday afternoon that he resigned because of certain statements made in connection with his appearance in the Recorder's court the other day, when he testified that the character of Lang Sellers, who has been working up "blind tiger" cases, was bad. It was learned from another source that certain charges had been preferred against Mr. Vereen and that the Sanitary Committee had informed him that an investigation would be made, whereupon he tendered his resignation.

That the city itself does not believe the public water supply should be used for drinking purposes was further emphasized yesterday afternoon, when $200 was appropriated for the sinking of two additional deep wells, one in the vicinity of Hemenway graded school and the other at the corner of Second and Church streets. Alderman Ellis read a communication from Mr. J. J. Blair, superintendent of the city schools, asking for a deep well in the vicinity of Hemenway school, stating that it could be used both by the school and public generally. Alderman Stone asked for an appropriation for a well at Second and Church streets, a request for the same having been made by Col. Walker Taylor, head of the Boys' Brigade. Both requests were granted.

Alderman Stone, chairman of the Light Committee, reported the installation of lights at Seventh street and the railroad and at Ninth streeet and the railroad. In this conection Alderman West brought to the attention of the board the condition of the approaches to the Seventh street bridge and Alderman Stone spoke of the condition of Water street, between Market and Dock. Upon motion the clerk was instructed to notify the propoer A. C. L. officials to repair the steps and fill in the washouts at Seventh street and repair Water street.

A motion of Alderman Fales that $600 be appropriated to repair the market house wharf was lost. Upon motion of Alderman Rehder it was ordered that the wharf be closed and a danger sign be put up. Alderman Bonitz said this was done two months ago.

When the report of the Public Building committee was called for, Alderman Bonitz, in the absence of Chairman Yopp, said that there was nothing to report, and as to the special committee appointed to investigate the Gilbert property with a view of securing it for a downtown fire station, he said Chairman Hinton was out of the city. He said that Chairman Hinton told him that Mr. Gilbert stated that he would not take less than $12,000 for the property and that Mr. Hinton considered this exorbitant. Alderman Stone moved that $15,000 be appropriated for the purchase of the Mills property on Second street, seconded by Alderman West. Alerman Bonitz and Willard objected on the ground that to take in any action before the report of the special committee would not be treating Alderman Hinton with the proper courtesy. However, the motion was put to a vote and lost.

Upon motion of Alderman West the ordinance regarding the sale of fire-crackers was so amended as to permit the sale of fire-crackers three-quarters of an inch in diameter and four inches in length. He said that since the adoption of the ordinance forbidding the sale of fire-crackers over two inches in length he had been informed that the merchants, before the adoption of the ordinance, had purchased the larger ones and that not to make a change in the law would be an injustice to them.

The meeting adjourned at 6:10.

HEARING IN "TIGER" CASES

Testimony Given and Argument of Counsel Heard in Actions Against Snoden Harris and "Jack" Watters—Today.

The Recorder held a special session of his court from 3 to 5 o'clock yesterday afternoon for the purpose of continuing the investigation of the charges against the several persons arrested a few nights ago on charges of violating the near-beer ordinance of the city and the State prohibition law. Testimony was given and argument of counsel heard in the cases against Snoden Harris, colored, and "Jack" Watters, a young white man, both of whom were charged with selling whiskey. The Recorder announced that he would reserve his decision until the other cases have been heard. It is believed that all the cases will be disposed of today. The hearing was held in police headquarters at the City Hall. The first called was that in which Snoden Harris was charged with selling a half pint of whiskey to Lang Sellers on September 28th. Marsden Bellamy, Esq., county attorney, prosecuted, and Walter P. Gafford, Esq., appeared for the defendant.

Sellers testified that in company with D. T. Mayer he went to Harris' restaurant September 28th and got two egg sandwiches and a half pint of whiskey, paying 35 cents for the same. On cross examination the witness said that he would not swear that any of the money was for the whiskey. He said that he was in the employ of the city as a special officer in which capacity he had been serving since Taft Day. Recently he was assigned to do special duty, to work up "blind tiger" cases, by the chief of police, but declared that when he was employed that he was not promised any stipulated sum for his work. He admitted that he had heard that some one had offered a reward of $25 to catch Chas. Richter, but denied that he had demanded that Chief Williams pay him $500, or any other amount, for his work in ferreting out "blind tigers." In reply to a question from Mr. Gafford he said that he was recently in the employ of Furlong & Co. He said that he did not have any agreement with Mayer, but expected to pay him something for assisting in securing evidence against the "tigers."

The witness testified that Martin Sellers went to his home Sunday afternoon and abused him for giving evidence against the "tigers" and told him that he would catch h—— before he got through with this thing. Mr. Bellamy said that such action was in contempt of court and that it should be thoroughly investigated by the State of North Carolina.

On re-direct examination the witness said that when he went to pay Snoden he gave him 50 cents, out of which Snoden took 35 cents, and witness remarked that 10 cents was cheap for two sandwiches, Snoden replying that it was all right as he knew him (the witness). He was then questioned by Mr. Gafford as to his former statement that nothing was said about 10 cents as the price for sandwiches, and the court held that he had testified to both statements.

D. T. Mayer was next placed on the stand and he corroborated the testimony of Sellers. He declared that he had not been promised anything for his services, though Sellers had told him only yesterday that he would give him something.

The defendant was then sworn. He testified that Sellers came into his place on the date of the alleged sale and called for a sandwich. Mayer later entered and witness fixed two sandwiches. He said that he had five eggs in his place and put three in one sandwhich and two in the other. He usually charges, he said, 10 cents for a single egg sandwich. Taking the five eggs together he let Sellers have them for 35 cents. He said that he gave him a half pint of whiskey because Sellers had often given him whiskey, and that upon entering his place that day Sellers gave him whiskey out of a bottle he had in his pocket.

The whiskey alleged to have been secured from Snoden was placed in evidence by the State. Dr. Thos. B. Carroll and Mr. W. R. Kingsbury were called as character witnesses for the defendant. Mr. Bellamy recalled to the stand Sellers and Mayer and they testified that the sandwiches contained only one egg each. The question in this case narrowed down to whether the whiskey was sold as alleged by the State, or given to Sellers as the defense contends. Argument of counsel was deferred and the case against "Jack" Watters called.

Mr. Gafford waived the irregularity in the warrant and the trial proceeded. Mayer was the first witness and he testified that on last Monday he bought a half pint of whiskey from the defendant; that Sellers was standing across the street when the purchase was made; that it was between 6 and 7 o'clock in the afternoon. Sellers corroborated the statement of Mayer as to his going into the store of Watters and later returning with the whiskey.

The defendant testified that he did not sell Mayer any whiskey on that date or on any other date; that he had not seen Mayer in two weeks until last Thursday, when the arrests were made; that he usually goes to supper at 6 o'clock and returns about 7:15 or 7:30 P. M., and knew no reason why he should not have been at supper at that hour on the date of the alleged sale. Mr. Tim Robinson gave Watters a good character.

There being no other cases ready for trial yesterday afternoon, argument of counsel was then heard in the two cases. It was announced that it is hoped to try all of the remaining cases today.

Theatrical

Wilmington theatre-goers had the pleasure last night of witnessing what was perhaps the best production that has been seen here so far this season, when "The Beauty Spot," with Jefferson DeAngelis in the stellar role, was presented at the Academy of Music to an audience that filled practically every seat in the house. Although there were certain lines which would have been questioned in some other productions that have been here, but taken with a relish in "The Beauty Spot," the large audience spent a most enjoyable evening. The chorus was unusually good looking, off the stage as well as on, and there were a number of splendid voices in the company, some of whom made a distinct hit with the audience. There were several musical numbers really worth while. DeAngelis, one of America's foremost comedians, scored a great hit with the audience, portraying his part in a manner to leave nothing to be desired. He was forced to respond to several encores. It is sufficient to say that the production deserved the large house it received, and that the theatre-goers were well pleased.

Rita Fornia Recital.

The work of canvassing for the proposed recital by Rita Fornia, the noted soprano of the Metropolitan Grand Opera House, New York City, and Arturo Tibaldi, the celebrated young English violinist, received quite a strong impetus yesterday, as many names were added to the lists. Still the number is nothing like as large as it should be and is a far way under the number deemed sufficient to warrant the promoters in making the guarantee required for the appearance of the high priced duo in Wilmington. A recital by Fornia is always considered a brilliant event, and it is seldom that such a well known violinist as Tibaldi, appears in a recital with such a celebrity, making a recital by two stars, outside the big cities, of course. Yet that is what is offered the people of Wilmington, if sufficient interest can be aroused. Those behind the movement are deeply interested in Wilmington musically, and therefore want to see Fornia come from that standpoint. The success of this venture also means that Mme. Lehman, and other big stars will be engaged to appear in Wilmington just as they are engaged to give recitals in other Southern towns.

Fornia is a soprano well known to music critics, and she is celebrated as one of the best "Leonoras" that has ever appeared in "Il Trevatore." In fact, it is a matter of musical history that some years ago, she stepped on in an emergency and sang the part of "Leonora" for Emma Eames, who was suddenly taken sick.

Tibaldi is an Englishman who has won renown in many countries and States under a large guarantee for a limited number of recitals, and it is hoped to give Wilmington one of these recitals.

The prices are $1.50 and $1 and subscription lists can be found either at Munson's, on North Front street, or at Plummer's confectionery establishment, also on North Front. The date for the proposed recital in Wilmington is Friday night, October 14, a most opportune time.

At the Crystal Palace.

The Four Musical Woods head the bill at the Crystal Palace this week in a play entitled "The Night Before Xmas," which is of especial interest to the ladies and children, and is interspersed with novelty musical numbers. The bill is just a little different from the ordinary. Prof. Goodman, a ventriloquist of great ability, made a hit with the audiences yesterday. The innovation of two reels of pictures is meeting with popular approval and Manager Peiffer is receiving many hearty congratulations for this improvement.

At the Bijou Today.

Today's bill at the Bijou will be featured by a picture entitled "Take Me Out to the Ball Game," an interesting and exciting comedy, that will doubtless be witnessed by all fans and fannabelles. Another picture that will interest is "A Cheyenne Brave," an Indian drama that is a classic, depicting native life and customs.

BAD BLOOD
OFTEN INHERITED

Bad blood does not always come as the result of careless living, or indiscretions; it is a condition frequently inherited. Normal, healthy blood contains millions of tiny red corpuscles, which are the vitalizing and nourishing element of the circulation, their office being to provide every portion of the system with its necessary strength and nutriment. In weak, impure blood these corpuscles are lacking in numbers, and therefore the blood is not able to supply the proper amount of nourishment to the body. Bad blood manifests itself in many ways. With some it takes the form of skin diseases and eruptions, others become bilious and malarious, with sallow complexions, torpid liver, etc. Bad blood produces Rheumatism, Catarrh, Sores and Ulcers, Scrofula and like troubles. Nothing is equal to S. S. S. as a remedy for bad blood; it is the greatest of all blood purifiers, possessing not only the qualities to cleanse and purify the blood, but composed of roots, herbs and barks that tone up every part of the system, and assist in the creation of blood nutriment. S. S. S. cures Rheumatism, Catarrh, Skin Diseases, Sores and Ulcers, Scrofula, Blood Poison and all other blood disorders. S. S. S. makes good blood, and good blood makes good health. Book on the blood free to all.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

"THE SANCTITY OF MARRIAGE."

Subject Ably and Earnestly Presented by Rev. O. L. Powers.

Under the auspices of the Y. M. C. A., a largely attended and highly instructive men's meeting was held at the Bijou, on North Front street, Sunday afternoon, at 5 o'clock. It was the first meeting of the kind held this season by the association, and although there were several other meetings of more than ordinary interest in progress elsewhere in the city, attendance was probably 400— a most gratifying number indeed, and much larger than was expected. Men's meetings will be held regularly hereafter every Sunday afternoon and probably two meetings a month will be held at the Bijou and the others at the rooms of the association.

The meeting was addressed by the Rev. O. L. Powers, pastor of the First Baptist Church, of High Point, a minister of great ability and power. He had a message to deliver to the men of the city and he did it, as he said he was going to do, with gloves off, speaking to them as a man to men, face to face about a matter that vitally concerns the whole race. He was heard with evident interest by those who composed his audience.

After a brief song service, led by Mr. J. B. Huntington and Mr. H. G. Bowden, general secretary and assistant secretary, respectively, of the association, Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church, was presented by Mr. Bowden, and in a few appropriate words he introduced Mr. Powers, who is and has been for the past week, assisting him in a most successful revival meeting.

"Sanctity of Marriage," was the theme of the able divine's able and earnest address; a subject, as Mr. Whitlock stated, in his introduction, that is not always given the serious thought that it deserves by some who have entered this holy state, or contemplating taking this important step in life. In beginning Mr. Powers stated that he would handle his subject with gloves off and would, doubtless, deal hard blows to some in the audience. He used the Seventh Commandment as the basis of his remarks, and told in plain and simple English how it is often broken and of the resultant misery and suffering not only of the present but of future generations and showed how one might overcome any such tendencies. In course of his remarks he severely condemned the modern dance hall as being one of the leading influences that cause the breaking of the commandment in question; put himself on record as favoring a uniform National divorce law, commenting on the frequency of divorces in the present day, mentioning the large number of cases of this character on the New Hanover Superior Court calendar for this term; went even a step further and declared that he strongly favored a marriage commission in every county, whose duty it shall be to investigate the record of every would-be groom and ascertain whether or not he is physically clean, otherwise no license be granted him; declared with force and reiterated that he would like to see a revival of the old Southern chivalry, when every man would be a guardian and a brother of every woman, closing his remarks by expressing himself against the double standard of morals, and urging his hearers to lead a better life toward all mankind.

An invitation was extended to all who would pledge themselves to lead a better life toward all mankind and nearly every man in the audience arose. After the singing of a hymn the audience was dismissed by prayer by Mr. Powers.

Mr. John Hammond Stricken.

Mr. John Hammond, a member of the streets and wharves department of the city, was stricken with paralysis while about his duties near Second and Orange streets yesterday morning. He was sent to the James Walker Memorial Hospital. He lives on South Front street and has many friends who will hope for his ultimate recovery.

NEAR DEATH BY SMOTHERING

Patched Up Relief Temporarily, But Insistent Husband Finally Effects Deliverance.

Stuart, Va.—"There never has been," says Mrs. Helen Dalton, "and never will be, a medicine to compare with Cardui. I suffered for years, and would often almost smother to death. Medicines patched me up for a while, but then I would get worse again. Finally my husband wanted me to try Cardui, so he bought me a bottle, and I tried it. It did me more good than all the other medicines I had taken. I have induced many of my friends to try Cardui, and they all say they have been benefited by its use."

If you are weak and ailing, think what it would mean to recover as rapidly and surely as Mrs. Dalton.

Cardui will certainly do for you what it has done for thousands of others, with similar troubles.

No medicine without merit could remain in such constant use and show such a continued increase in sales, as Cardui has done. Judge a medicine, as well as a man, by success. Cardui is successful.

Cardui has brought health and happiness to thousands of weak women. Why not to you?

Try it.

CITY BOARD OF HEALTH.

Routine Matters at Regular Monthly Meeting Yesterday Afternoon.

With Mayor MacRae presiding and Dr. Akerman, city superintendent of health, Drs. A. H. Harriss and T. S. Burbank in attendance, the regular monthly meeting of the City Board of Health was held at the City Hall at 4 o'clock yesterday afternoon. Health conditions generally were discussed by the members of the board, but no definite action was taken on any of the matters presented for consideration. The regular monthly reports of the health department were read and ordered filed.

During the month of September there were 46 deaths, 15 whites and 31 colored; 51 births, 13 whites and 38 colored. It will be of interest to note that there were no new cases of typhoid fever during the month; there were remaining September 31st five cases of scarlet fever; one case of diphtheria and one case of smallpox. There were 22 fumigations during the month; 6,550 inspections or premises; 3,235 surface closets ordered cleaned; 1,200 orders issued for disinfectants and 589 orders filled. The following is the report of the city meat and dairy inspector for the month:

"Wilmington, N. C., Oct. 3, 1910.

"Dr. Joseph Akerman, Supt. of Health, City.

"Dear Sir:—During the month of September I made 31 inspections of dairies and dairy farms. I found the sanitary conditions, health of cattle and attendants good. There were no applications for the sale of milk and no permits were granted. I made 465 post examinations of slaughtered meats as follows: 151 cattle, 263 sheep and 51 hogs, with one condemnation—a hog from Brunswick county.

"Respectfully,

"THOS. B. CARROLL.

ACTIVITY ON COTTON MARKET

Big Advance in Prices Follows the Bulletin of the Government's October Figures—Closed Fifteen Points Higher.

New York, October 3.—There was an extremely active business in cotton today and prices had a big advance following the bulletin of the Government's October condition figures. Reactions occurred later, but but there was a big demand at a comparatively moderate decline from the best and the market closed firm at a net advance of 20 to 30 points.

The market opened firm at an advance of 8 to 12 points in response to better cables than expected and private reports from Liverpool claiming that the labor troubles in Lancashire had already been practically settled. Realizing was heavy from the start. The census figures showing 2,302,211 bales ginned to September 25 comparing with 2,568,150 to the same date last year were near enough expectations to have practically no immediate influence on the market but offerings were extremely well taken by fresh buyers, covering by sellers of last week influenced by the more favorable labor reports from abroad and a continuation of support from the bull leaders. Before the condition report was issued the active months were selling 11 to 15 points net higher, and immediately after the Government's condition figures became available there was a jump in prices which carried December up to 14.13 and May to 14.44 or 30 to 37 points above the closin gfigures of Saturday. At this level offerings were extremely heavy and the market eased off anywhere from 15 to 23 points under realizing and local operations for a reaction, the latter being encouraged by later cables from Liverpool claiming that while the lockout had been sufficiently adjusted. There was aggressive buying on the dig, however, and the market later firmed up again with last prices only a few points off from the best. The government report, the last of the season made the condition of the crop 65.9 compared with 72.1 last month, 58.5 last year, and 66.6 the ten-year average.

Receipts of the port today 56,936 bales against 60,818 last week and 59,297 last year. For the week 425,000 bales against 390,528 last week, and 419,627 last year. Today's receipts at New Orelans 2,864 against 6,955 last year.

Spot cotton closed steady 15 points higher. Middling uplands 13.90 middling gulf 14.15. Sales 24,800 bales.

STOCKS SHOW SIGNS OF LIFE

Market Passing Out of the Hands of Narrow Element of Board Room Traders—Steel Factor Yesterday.

New York, Oct. 3.—The stock market today gave further evidence of passing out of the hands of the narrow element of board room traders, which has engorssed the dealings for many weeks past. Instead of that there were signs of a re-entry of operators of larger resources and of a broader scope in method. The reappearance on the tape of blocks of 1,000 to 7,500 shares of United States Steel was regarded as suggestive in this direction. The effect was to renew the congestion of the dealings in a handful of speculative favorites and to throw out the balance of the market again.

The early part of the day saw a continuance of favor for specialties and securities of a minor class of which are not often active in the market. The appearance of growing breadth which was a feature on this account of last week's market was altered as the day progressed and the concentration in United States Steel, Reading and Union Pacific became more pronounced. Prices were not well held in the latter part of the day and the closing was rather weak.

The board room traders expressed their solicitude over the Saturday bank statement by selling stocks after the opening. These offerings were so aggressively absorbed that the traders were driven to retreat and they helped the advance by re-buying stocks. The first quotation for call loans was at 2 3-4 per cent., and the fixing of the renewal rate at that figure quieted any apprehension that was caused by the $5,000,000 figure to which the actual surplus had sunk in the Saturday bank statement. It was evident that the heavy decline in cash holdings last week was attributed to temporary causes and that confidence was felt in an early return of part of that cash.

The London stock market was strengthened by the assumption that the labor troubles with the Manchester spinners was settled. The refusal of the terms was reported later and acted as a check on the rising tendency here. The early news from Manchester stimulated and active demand for cotton in New York and the government report of condition of the crop sharpened the demand still further. This was a factor in the easier tone of the foreign exchange market.

The disappointing showing of the government report did not preclude stocks of a railroad in the southern region from sharing fully in the upward movement of the day. The indicated restriction of the year's cotton yield considered in connection with the small supplies carried over from the last crop, present a problem that cannot but have serious bearing on the general industrial outlook. Weather in the corn belt caused an upturn in the price of that cereal.

Bonds were firm. Total sales par values $1,980,000. United States bonds were unchanged on call. Total sales stocks 549,400 shares.

HUBBARD BROS.' REVIEW.

Manchester Trouble Expected to be Adjusted—Bureau Cotton Report.

(Special Star Telegram.)

New York, Oct. 3.—Although negotiations between the spinners and operatives in Manchester were again broken off, the impression prevails that the matter will be adjusted in a few days. It is simply too important a question to be permitted to throw so many men out of work. This was evidently the impression in England, judging from the large spot sales and the advance in Liverpool before the opening of our market. The bureau report of 65.9 was accepted as indicating a small crop and as foreshadowing a higher market. On this belief the business has absorbed all of the large realizing which continued today and closed the market strong at the hignest prices of the season. So long as this demand continues prices will advance though the report of the bureau from a so-called mathematical calculation indicates a much larger crop than current estimate

MINISTERS ELECT OFFICERS.

Annual Meeting of Wilmington Association Yesterday Morning.

The annual meeting of the Wilmington Ministerial Association was held yesterday morning at 11 o'clock in the rooms of the Y. M. C. A. It was the occasion of the annual election of officers and the meeting was largely attended. The session lasted for an hour and fifteen minutes, during which time a number of matters of importance to the association were considered. The following were elected as officers for the ensuing term:

President—Rev. Dr. J. M. Wells.
Vice president—Rev. W. A. Snyder.
Secretary and Treasurer—H. G. Bowden.

Messrs. W. M. Cumming, C. C. Covington, Clayton Giles, Sr., and W. W. Koch appeared before the meeting in behalf of the Catherine Kennedy Home, stating that it was desired to raise $1,000 for maintenance of the institution for making some needed repairs to the building, and asked the advice of the ministers as to the best method of securing this sum. The matter was considered at some length, after which the following were named as a committee from the association to take up the matter and make report at a later meeting: Revs. Wm. H. Milton, Thos. A. Smoot, J. M. Wells, A. D. McClure, E. M. Morton and W. A. Snyder.

WILMINGTON TO CHARLESTON

Steamer Off With Party on Board for the Palmetto Port.

For a thorough overhauling and brightening up preparatory to next season, the steamer Wilmington, Capt. John W. Harper, the owner in command, left Saturday evening for Charleston, S. C., where she will remain several days. The steamer's safe arrival at Charleston was noted yesterday with a party of Capt. Harper's friends on board, among those "signed up" for the trip being Miss Kate Stuart, of Southport; Capt. M. T. Craig, Capt. E. H. Adkins, Mr. H. A. Kure, Constable "Tuck" Savage, Messrs. Melvin Horne and A. H. Pait. Capt. W. H. Northrop, Jr., the genial traffic manager of the Harper lines, is in charge of affairs during Capt. Harper's absence and the Blanche is making the regular schedule of the steamer between Wilmington and Southport. Friends of the "crew" sojourning in the ancient city by the sea wish for them a pleasant visit and a safe return.

THE WESTERN UNION WINS.

Not Liable for Taxes on Federal Franchise in Georgia.

Atlanta, Ga., Oct. 3.—The Western Union Telegraph Company was held not liable for taxes on a federal franchise valuation of $950,000 by an opinion handed down in the United States Circuit Court of Appeals here today in the case of the Western Union Company vs. W. H. Wright, comptroller of the State of Georgia.

In the opinion, which reversed the lower court, it was held that as the company already had been taxed on a valuation of $750,000 by the State on its property, that a further tax on $950,000 Federal franchise value, was excessive, especially in view of the fact that the profit made by the company in the State in 1908 was only a little in excess of $1,000.

Attorney Albert Howell, Jr., who represented the telegraph company, stated that the case was of more than local importance. He said:

"By this decision every telegraph company in the United States which accepted the post roads act of 1866, is exempt from State taxation on its franchise.

"This means that States which have passed franchise tax laws will be prohibited from collecting such taxes from the telegraph companies."

HIGH POINT MAN KILLED.

Accidentally Shot Himself While Repairing Old Weapon.

Durham, N. C., October3.— A. B. Mattox, a High Point realty dealer, accidentally killed himself this morning at his home. Mr. Mattox's two sons at Trinity college, received the simply message "Father killed fooling with old pistol."

By the side of the body were oil cans and tools for fixing the weapon.

Lynchburg, Va., Oct. 3.—A local committee of 20 met here today and decided to start a movement for a monument to the late Senator John W. Daniel, to be located here. The entire State of Virginia will be asked to join in the movement and to make the memorial one of the handsomest in the South.

Pueblo, Colo., October 3.—Passengers on a Pullman car attached to a Rock Island westbound passenger train, that arrived today, were robbed of $8,000 in cash, drafts, checks and jewels after leaving Chicago.

GAYNOR IN CHARGE AGAIN.

Mayor at City Hall For First Time Since He Was Shot.

New York, Oct. 3.—Mayor William J. Gaynor, is again the active head of the New York City government. Mayor Gaynor today came to the city hall and took hold of the executive reins there for the first time since August 9th last when his intended vacation trip to Europe was cut short by a bullet from the pistol of James J. Gallagher, a discharged city employee, who shot the mayor down on the deck of the steamer on which he was about to sail.

A committee of representative citizens joined with the city officers in welcoming the mayor back to his office. The mayor, in reply to the cordial sentiment expressed said he regretted that he had not the strength of voice properly to voice the gratitude that he felt.

He was glad, he said, that he had had the fortitude to resolve to continue in office as mayor for the next three years a sentiment which was greeted with loud applause. He declared that if the citizens of New York "in spite of the clamor, vituperation and senseless noise" would stand shoulder to shoulder with him, much could be accomplished for the city.

When the mayor accompanied by Mrs. Gaynor was leaving the city hall for Brooklyn in an automobile a policeman called out roughly to the crowd "Get out of the way there."

The mayor ordered his chauffeur to stop the car. Then he called the policeman to him and sharply rebuked the officer for the maner in which the latter addressed the crowd.

BANKERS AT LOS ANGELES.

American Association Gets Down to Business—Committees.

Los Angeles, Cal., Oct. 3.—Delegates to the 36th annual convention of the American Bankers' Association got down to business at today's meeting of seventeen committees which will decide questions of great importance for the convention which begins tomorrow.

Reports of the committee meetings, all of which were executive, were made to General Secretary Farnsworth, but the recommendations will not be made public until after the convention meets.

Great interest attaches to the meetings of the bills and lading committee which will probably recommend that the convention indorse the Stevens bill, passed by the House at the last session of Congress.

This bill makes it obligatory on carriers to stand behind every bill of lading issued.

Delegates to the number of nearly 1,500 have already registered.

Tonight members of the executive council and heads of various committees were were entertained at a banquet. Among the speakers at the banquet was Lee McCling, treasurer of the United States.

A REVOLTING CRIME.

Mob Will Lynch Negro Convict at Samford, Ala.

Montgomery, Ala., Oct. 3.—A special from Andulsia to The Advertiser, says: A negro convict is being held by a mob at the lower stockade of the Henrson Lumber Company near Sanford and will probably be lynched before midnight for assaulting and murdering Mrs. Hiram Stucky, the young wife of a white farmer, living near the camp.

The crime is one of the most revolting that ever occurred in the county. The convict was captured by G. A. White and Edgar Nix and brought by them to Samford.

On their way from the camp to Samford on an engine, the negro jumped to the ground and was shot through the arms but was caught again. Mrs. Stucky was at home alone when the negro, whose name is not known, approached her house, seized her, committed a criminal assault and, when she began screaming seized some blunt instrument and knocked her in the head. She lived about an hour.

Washington, Oct. 3.—How gravely the Public Health and Marine Hospital regards the possibilities of the invasion of cholera from the infected sections of Europe, became known today when the advisory public health board was called to meet in Washington, October 10th. Another evidence of the alarm with which the situation is viewed came to light today when the service decided to double its officers at every port from which steamships sail or at which immigrants gather in Italy, Germany or Russia.

Chicago, Oct. 3.—Signals for aerial marchiners will be planned and arranged for this week by Glenn Curtiss for the Chicago-New York aeroplanes race, which begins next Saturday for the $30,000 prize offered by the Chicago Evening Post and the New York Times. Mr. Curtiss leaves tonight for Cleveland, Ohio, to arrauge relay stations for the flyers and to secure aid from railway officials whose tracks parallel the proposed line of flight, in mapping out the course for the flyers.

New York, Oct. 3.—After serving eight months of his sentence of a year Carlo de Fornaro, convicted of libeling the President of Mexico in a book entitled "Diaz, the Czar of Mexico," was released from the penitentiary at Blackwell's Island today.

SOUTHERN NATIONAL BANK

WHITE FOR AUDITOR.

Hon. O. L. Clark Spoken of in Columbus—Hunting Season Opens.

(Special Star Correspondence.)

Whiteville, N. C., Oct. 3.—The friends of Hon. Oscar L. Clark, of Whiteville, are urging his nomination for State Auditor by the Executive Committee when it meets on the 8th. Mr. Clark is not an announced candidate, but it is said he will accept if the position is tendered him. He would certainly make one of the finest officers in the land, and then again his nomination would do much to allay ill feeling among the Democrats of the district. Mr. Clark's friends will work hard for his nomination by the committee.

The hunting season started Saturday, and the first day ten deer were killed around Wananish, besides others in remote sections. A son of Mr. C. K. Council went out that day and brought back 24 squirrels. The Waccamaw Hunting Club has not as yet organized any formal hunt, but will wait until later in the season, when cotton is picked. Deer are reported as abundant this season and in fine condition.

BIG SHIP ROBBERY.

Many Thousands in Gold Bullion and Bank Notes Missing.

Seattle, Wash., October 3.—Gold bullion and Canadian and United States bank notes, aggregating many thousands of dollars, were stolen from the mail room of the steamer City of Seattle, from Skagway, Alaska, last night. T. Buckley, sailor mess boy on the vessel, on whom eight gold bricks and a large number of notes were found, was arrested as soon as the City of Seattle arrived today.

The robbery was discovered today by Mail Clerk Decatur as the steamship was nearing Seattle.

First Officer Tomas Johnson discovered the gold bullion on the mess boy and, after a search, he found a large number of bank notes wrapped around the boy's legs. An examination of the mail room disclosed that almost every registered parcel on board had been rifled.

Lake Charles, La., Oct. 3.—Dr. Temple Smith, a leading physician of this section and president of the Lake Charles Board of Health, died here tonight as the result of a shot inflicted by his wife last Wednesday. Mrs. Smith is in custody.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

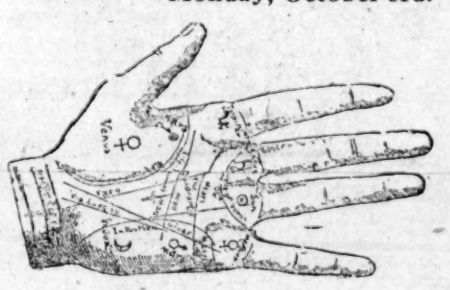
MADAM ELDON

The Scientific Palmist and Fortune Teller Will Remain One Week Longer, Commencins Monday, October 3rd.



It is customary to scoff at the claims of palmists and mediums, but in the face of the startling revelations made by Madam ELDON the average critic is silenced. She not only reveals the future, but uncovers the hidden secrets of the past.

MADAM ELDON reads the lines of your hand the same as you read an open book, revealing your past, present and future life, describes your friends and enemies, gives advice about them. Her advice pertaining to love, business, wills, estimates, law suits, buying or selling property, speculation, investments, marriages, divorce, etc., is unequalled. She reunites lost affections, removes evil influences—in fact, everything. The chance of a lifetime to consult her.
